

## The Perfect Solution

They fit Harley-Davidson® and Victory® motorcycles. P5-Series Speakers are available in both 2-Ohm and 4-Ohm impedances, so they are compatible with upgraded amps and stock head units.

## Light & Powerful

P5S250 Coaxials employ a sophisticated, rare-earth neodymium magnet structure, super light-weight for proper bike handling while offering extreme power for those who like to push it to the brink. The neodymium structure allows maximum output with extremely low weight, superb transient response and high vocal articulation for the utmost tonal clarity.
