

# Mighty Mount M3540D

## Simpl Touch - Magnetic Dash Mount

- **Ultimate ease** now delivered with this smooth luxury- just one simple touch of a magnet and your phone is secured to put your pedal to the metal.
- **6 Neodymium Magnets** make this the strongest hold on the market, and you the savviest driver on the road.
- **Compatibility** with all case-free phones, as well as any with thin profile cases up to .8mm thick (Caseco Skin Shield, Fremont cases, Otterbox Symmetry, Speck cases, and most UAG cases are all compatible with the magnet mount.)
- **Wide range of tilt and rotation** means you can always have the perfect view of your screen, whether you're reclined in cruise control or up-front and center.
- **Super-sturdy base with 3M adhesive** lets you navigate any speedbump with ease- your mount is there for the stay.
- **Talk and drive safely** with hands-free connectivity that offers ultimate security for you and your passengers while you enjoy the journey.
