

10" CompR 4 Ohm

The CompR 10-Inch Subwoofer is a 4Ω dual voice coil design, making it easy to get the most out of your amp.

An advanced suspension and heat management system helps to keep the bass powerful, deep and consistent – all without a hint of distortion.

The CompR 10-Inch Subwoofer works best with a sealed or ported enclosure and 400 watts of recommended power. See below for more details.
