

POWERBASS

S SERIES SUBWOOFERS

UP TO
600
WATTS

4-Layer Black Paper/Wool Cone provides for very natural smooth bass reproduction
Large Roll Foam Surrounds allow the free movement of the cone which equals loud bass
Oversized Motor Structure high intensity ferrite magnet for increased power handling
Dual and Single 4-ohm Voice Coils made with pure PIW wire looped through the spider
2" BASV Voice Coil Formers for optimum performance and cooling
Chrome Push Input Terminals to ensure the best current transfer from the amplifier to the woofer
Pole and Aero Vented Cooling cooler woofers mean better bass and power handling
Non-resonant Basket acoustically dampened treated steel basket
Designed For Both Small Sealed or Ported Enclosures which include most pre-fabricated boxes

S1204D

12" Dual 4 ohm VC 300Wrms / 600Wmax
5.5" Mounting Depth

S1204

12" Single 4 ohm VC 300Wrms / 600Wmax
5.5" Mounting Depth

S1004D

10" Dual 4 ohm VC 275Wrms / 550Wmax
5.25" Mounting Depth

S1004

10" Single 4 ohm VC 275Wrms / 550Wmax
5.25" Mounting Depth

S84D

8" Dual 4 ohm VC 125Wrms / 250Wmax
3.5" Mounting Depth

S84

8" Single 4 ohm VC 125Wrms / 250Wmax
3.5" Mounting Depth
