

FONIQ

DUO BY FONIQ, PORTABLE 2-IN-1 WIRELESS SPEAKER

Twist apart to get left and right separation

The Duo is a dynamic sounding water resistant speaker with a twist - it splits into 2 speakers! Simply remove the protective sleeve, and twist apart for a pair of killer sounding stereo speakers that work wirelessly with each other and with your phone or tablet. With stylish, modern looks, premium materials, loads of power, and a small frame that makes it easy to carry or stash in your bag or purse, the Duo will be a hit at any outing.

BATTERY

- Built-in 1500 mAh long lasting battery (per speaker)
- Rated playback time: up to 14 hours
- Playback time @ 70% volume: 8 hours
- USB charging (port on each speaker)

SOUND

- Two powerful 10 watt amplifiers (1 per speaker) for great sound indoor and outdoor
- 2x 48mm (1.89") speaker drivers
- Wireless stereo sound via TWS technology

CONNECTIVITY

- Wireless connection to hands-free and audio playback protocols
- TWS connectivity to allow Duo to play as one speaker pair
- 10 meter connection range from device to speaker, and from each half of Duo to the other

AUDIO SOURCES

- Wireless playback from smartphones or tablets

WATER RESISTANCE

- IPX7 Water Resistant (learn about water resistance levels here)
- This makes Duo perfect for tunes in your kayak, but keep in mind:
 - ♣ The rated water resistance level is only possible when the charging port covers are firmly attached on each half of the speaker
 - ♣ Therefore, when your charger is plugged in it's best to keep your Duo somewhere where it won't get soaked with water
 - ♣ In other words, splashing your Duo in water while the port covers are off for whatever reason will leave your speaker vulnerable to water damage

IN THE BOX

- Speaker
- Removable silicone sleeve
- USB-A to Dual-USB-C charging cable (charging brick not included)
- User manual
