

Memphis PRXTY69C – 6X9in OEM fit

Power Reference OEM Direct Fit Toyota Speakers provide the exceptional sound quality, durability and performance expected from the Power Reference line designed to fit directly into your Toyota factory mounting location with zero customization required. The brackets on these speakers are designed to the exact factory specifications of most Toyota vehicles making upgrading your Toyota factory speaker simple without the need to purchase additional brackets. The included wire harness plugs directly into the factory plugs eliminating the need to cut or alter your vehicles factory connections.

- Direct OEM fit for Toyota vehicles
- Plug & play connects to factory harness
- 4Ω impedance matched
- 25mm silk dome tweeter
- 2 Tweeters & 2 Mids Included in component versions
- Perfect fit for many applications
