

Memphis SRX18SPT – 8in Amplified

Street Reference Bass Tubes pack enormous bass in a compact footprint. These enclosures feature an 8" subwoofer powered by an internal amplifier and are ported for maximum output to provide deep thunderous bass. All bass tubes are wrapped in black carpet featuring an embroidered Memphis logo and can be securely mounted using the included mounting straps. Once installed, levels can be easily adjusted using the included wired bass knob.

- Ported carpeted bass tube
